

## ***The Jim Breslin Cup***

### **Ontario Masters Cross Country Club Series 2019**

Jim

- Club Teams do not need to be declared in advance, the top 5 AG% results, male or female, in each event, from each club, will be averaged to produce the Club's score
- Overall scoring will be averaged from the best result of the first three races, as well as the Ontario Championships
- Clubs must have at least 5 runners in an event to be considered a team – one must be of the opposite gender

The Series is limited to athletes who are bona fide members of a Club that is registered with the OMA (see the list of registered clubs on the CLUBS page).

Individual races have separate Team awards – Clubs may enter any number of teams

**A Club MUST compete in two of these three cross country events:**

OMA Taylor Creek 5K  
CMA Don's Harriers 4K  
OMA Sunnybrook 8K

**as well as the Championships**

Ontario Cross Country Championships – King City

The series awards will be made at the Ontario Championships in King City.

A club's entries may change from one race to another. An athlete may not change clubs during the series.

*Jim Breslin was a long-time member of the Ontario Masters.*
