In 2013, we witnessed something very special at our OMA events. We had 4 men, 80 PLUS years in age, all from ONTARIO, combining in 3 different distances (4 by 200, 4 by 400 AND 4 by 800) to break Canadian and WORLD Masters records. They have each also been part of other relays breaking Ontario and Canadian records, AND been solid performers in individual events over their competitive lives, winning gold medals in OMA, CMA and World Championships. Ray broke a Canadian record in M80 50m in 2013. Bill has been a long-time official and part of medal winning relays at WMA Championships. Earl and Ed are legends, and already in the Hall of Fame for their many records. We are very proud to honour these athletes -- Earl, Bill, Ray and Ed - by inducting them, as a team, into the OMA Hall of Fame 2013.
